

# Song For A Winter's Night

*Gordon Lightfoot*

Men: The lamp is burning low upon my table top,  
The snow is softly falling,  
The air is still within the silence of my room,  
I hear your voice softly calling!

All: If I could only have you near,  
To breathe a sigh, or two — —  
I would be happy just to hold the hands I love,  
Upon this winter night with you — —

Men: The smoke is rising in the shadows over - head,  
My glass is almost empty,  
I read again between the lines upon each page,  
The words of love you sent me!

Women: If I could know within my heart,  
That you were lonely too — —  
I would be happy just to hold the hands I love,  
Upon this winter night with you — —

**Refrain:** Oo — — oo, oo, oo — —  
Oo — — oo, oo, — — oo —

Men: The fire is dying now, my lamp is growing dim,  
The shades of night are lifting,  
The morning light steals across my window-pane  
Where webs of snow are drifting!

Women: If I could only have you near,  
To breathe a sigh, or two —

All: I would be happy just to hold the hands I love,  
Upon this winter night with you — —  
And to be once again with you.

**Refrain:** Oo — — oo, oo, oo — —  
Oo — — oo, oo, — — oo
